Subject: Re: question re: township/range of ISF Facility

Matt,

The information that Fish & wildlife is looking for can be found in Mod 2 to the contract between DOE and FWENC (see attached- page 2).

Specifically, the ISF Facility is located in Butte County, State of Idaho, Section 19, Township 3 North, Range 30 East, Boise Meridian.

Jim

Subject
question re: township/range of ISF
Facility

Jim,

I received a call last week from the Fish and Wildlife Service regarding what township/range the ISF Facility would be located. While we have their concurrence on "no effects" determination, they indicated that they needed the township/range name to complete their file. I'm assuming this is Idaho nomenclature; also I couldn't find it in the application or ER (not that we needed it). They indicated that it would be on a scale similar to something that would be pulled off a USGS topo map. Can you let me know at your convenience or can you ask DOE if they know? Thanks for your help. Let me know if you have any questions.

Matt
