Dear Dr. Cranwell:

As a result of the ACRS review of NUREG/CR-4510 "Assessing Compliance With the EPA High-Level Waste Standard An Overview" the NRC staff has received preliminary comments on this document from Dr. William E. Kastenbergl. Dr. Kastenbergl is the ACRS's consultant on uncertainty issues. Under task IV of FIN-A1165 NRC would like Sandia to review the enclosed preliminary comments and prepare for review of Dr. Kastenbergl's final report on NUREG/CR-4510. The result of Sandia's review of both the Dr. Kastenbergl's preliminary comments and final report should be presented initially by telephone to be followed by a written report. The timing of the review is at present uncertain, but Sandia would be prepared for a quick turn around on the review of the final report. As soon as the NRC receives Dr. Kastenbergl's final report a copy will be sent to Sandia. If you have any questions regarding the proposed review, please contact me immediately.

The action taken by this letter is to be considered within the scope of the current contract (FIN-A1165). No change to cost or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in a change to cost or delivery of contracted products.

Sincerely,

JSI
