SUBJECT: COMMENTS ON MONTHLY REPORT FOR FIN-A1165 (January, 1987)

Dear Dr. Cranwell:

I have received your report summarizing the activities during the month of January for FIN-A1165. I have reviewed the monthly report and have the following comments:

1. Under Task III, Sandia commented that the NRC comments on Chapter 3 and 8 of the Probability Report have not been received. At this time the NRC expects all staff comments to be received by April 15 and submitted to Sandia no later than April 30.
2. Under Task II, Sandia indicated no activity for the month of January. Since the report on uncertainties is being developed under this task, does the lack of activity under this task indicate a slip in schedule for this prospect? The status of this activity should be indicated in the next monthly report.

The action taken by this letter is to be considered within the scope of the current contract (FIN-A1165). No change to cost or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in a change to the cost or delivery of contracted products.

Sincerely,
