 Waste Management Systems
 Division 6416
 Sandia National Laboratories
 Albuquerque, NM 87185

Dear Mr. Cranwell:

The NRC has received a request from the Organization for Economic Co-Operation and Development (OECD), Nuclear Energy Agency (NEA) to complete the enclosed Questionnaire for a Scenario Catalogue. As the technical assistance contractor in performance assessment under contract FIN A1165, I would like Sandia to prepare a response to this questionnaire for NRC. Since the questionnaire is due to the NEA before July 1, 1987, I would suggest that Sandia's responses be completed and in our hands by June 17. This would allow time, if necessary, to meet with Sandia in order to modify the proposed response prior to the specified due date.

If you have any questions or suggested changes to the proposed schedule, please let me know. The action taken by this letter is to be considered within the scope of the current contract (FIN A1165). No change to cost or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in changes to the cost or delivery of contracted products.

Sincerely,

/s/

Sandra Wastler
