Dear Dr. Rajaram:

We have reviewed your monthly progress report for the month of September submitted under the Nuclear Regulatory Commission (NRC) contract no. NRC-02-82-030 entitled, "Technical Assistance for Design Reviews." As noted under Section 4.2 - Results, we have reviewed your request for additional funds to complete modification 1 to Task Order 001. The contracting officer will notify you when this work shall be initiated.

The following comments on your progress report format are provided to facilitate understanding of future monthly reports by personnel not familiar with the details of this contract.

Table 1 - Project Costs

Under each task order, the two tasks should be labeled "Task I-Repository Design Reviews" and "Task II-Site Visits and Workshops." Also, the total contract amount should be indicated.

Program Schedule

Dates should be provided on the top heading in addition to the number of weeks.

The action taken by this letter is considered to be within the scope of the current contract No. NRC-02-82-030. No change to costs or delivery of contracted products is authorized. Please notify me immediately if
