SUBJECT: COMMENTS ON MONTHLY REPORT FOR FIN-A1165 (FEBRUARY, 1987)

Dear Dr. Cranwell:

I have received your report summarizing the activities during the month of February for FIN-A1165. I have reviewed the monthly report and have the following comments:

- Under Task I, Sandia provided a draft of the new 189 Task V entitled "Identifying and Analyzing Techniques for Assessing Uncertainty" as well as the revised figure of the components of performance assessment for NRC review. The draft and the revised figure have been distributed to the NRC staff for review and comment. The NRC staff comments on these materials will be transmitted to Sandia under separate cover.

The action taken by this letter is to be considered within the scope of the current contract (FIN A1165). No change to cost or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in a change to the cost or delivery of contracted products.

Sincerely,

LS/
