Dear Dr. Nataraja:

During our October 15-16 meeting with J. Peshel to review FIN A-1755, a number of activities that can potentially be carried out in FY85 under this project were discussed. Some of these activities were suggested by SNLA and others by J. Peshel. We include for your consideration a description of the work proposed by SNLA under each of these activities. In our opinion, these activities shall not interfere with the review of major documents and other presently ongoing activities in the A-1755.

If you have any questions, please contact Krishan Wahi at FTS 844-6268 or myself at FTS 844-5303.

Sincerely,

E. J. Bonano
