NOV 14 1986

Work is progressing on the task order 003 Metholdoogy report final draft. No problems are anticipated in meeting the final deadline.

During this reporting period a review was completed on two reports for the Deaf Smith HLW site, BMI/ONWI-589 and 590. The review was conducted under a Work Directive under task order 002.

Work continues on a work directive for the Yucca Mountain HLW site under task order 002. Under this work directive appropriate USBM staff will provide a map of oil and gas wells in Nye, Clark, Lincoln and Esmeralda, Counties, Nevada. No problems or delays in completing this work directive are anticipated.
