April 15, 1986

Memorandum

To: Mr. Richard Lee,
Project Officer, Geotechnical Branch
Branch of Waste Management
U.S. Regulatory Commission
Washington, D.C. 20555

From: Assistant Chief, Division of Minerals Availability

Subject: Draft Outline -- Natural Resource Assessment Methodologies
for Proposed High-Level Waste Repositories

Attached is a copy of the draft outline which was modified according to your conference call instructions of April 8, and delivered to your office by facsimile transmission on April 14. Following receipt of your review comments, a reconciled draft will be developed.
