Dear Ben:

I appreciate very much your agreeing to participate in the first meeting of the Nevada Legislature's Committee on High-Level Radioactive Waste (Senate Bill 55, chapter 211, Statutes of Nevada 1985). Your participation will be an indication to our committee and the people we represent that the Department of Energy really wants to work closely with the State of Nevada in the development of its program for siting a permanent repository for high-level radioactive waste. This is of particular importance now, in light of the recent controversy involving the shipment of low-level radioactive waste through the City of Las Vegas to Beatty, Nevada.

The meeting will be held in the Clark County School District Board Room at 2832 East Flamingo Road in Las Vegas, Nevada.

The date of the meeting is Tuesday, August 20, 1985. The time is 9 a.m. to 5 p.m. You have been scheduled as the opening speaker from 9:15 a.m. to 10:30 a.m.

It would be helpful to the committee if you would talk about Federal Law, the schedule and whatever else you feel is important. If you prepare a written copy of your discussion, our secretary would be pleased to receive a copy prior to your presentation.
