Dr. Roy E. Williams  
Williams and Associates, Inc.  
P.O. Box 48  
Viola, Idaho 83872

Dear Dr. Williams:

I have reviewed your monthly progress report for May dated June 5, 1987. This report describes the status of Williams and Associates technical assistance under Contract No. NRC-02-85-008. Overall progress made to date under this contract is satisfactory.

While I have no comments on May activities, I want to inform you that a HLW Task Group has been formed to prepare plans for Site Characterization Plan reviews. I will be responsible for the Hydrology Technical Review Plan. I will keep you informed as guidance is developed.

Both Mr. Ross and I will be focusing our attention on GWTT during the next few weeks in preparation for our meeting on the subject. We have been spending considerable time on the Topical Report on uncertainty. We will return to that effort subsequent to our meeting here in Silver Spring on July 14-16, 1987.

The action taken by this letter is considered to be within the scope of the current contract NRC-02-85-008. No changes to cost or delivery of contracted products are authorized. Please notify me immediately if you believe that this letter would result in changes to cost or delivery of contracted products.

Sincerely,

**ORIGINAL SIGNED BY**

Jeffrey A. Pohle, Project Officer  
Technical Review Branch  
Division of High-Level Waste Management  
Office of Nuclear Materials Safety  
and Safeguards
