- Reference: 1) Letter dated February 25, 2002, from S. J. Collins, USNRC, to O. L. Maynard, WCNOG
2) Letter WM 02-0023, dated June 14, 2002, from O. L. Maynard, WCNOG, to S. J. Collins, USNRC

Subject: Docket 50-482: Supplemental Response to Order for Interim Safeguards and Compensatory Measures for – Wolf Creek Generating Station, Unit 1, dated February 25, 2002

Gentlemen:

Reference 1 issued the Order for Interim Safeguards and Compensatory Measures for Wolf Creek Generating Station, Unit 1, dated February 25, 2002 (Order). Wolf Creek Nuclear Operating Corporation (WCNOG) submitted Reference 2 in response to Attachment 2, Items B.2.a.(1), B.2.a.(2), and B.2.b of the Order. This letter provides updated information related WCNOG's response to Item B.2.b of Attachment 2 of the Order as described in Reference 2.

WCNOG's current vehicle checkpoint/search facility meets the requirements of the Order. To allow for enhanced search capability; WCNOG is in the process of constructing a new facility for this purpose. Although the new vehicle checkpoint/search facility will be located at a point nearer the plant; the relocated facility will remain outside the perimeter of the safe stand-off distance previously established by our evaluation. The new facility will meet the requirements of Item B.2.b of the Order. Therefore, WCNOG will remain in compliance with the Order.
