Dear Mr. Murphy:

I have received Weston's Geophysical Monthly Progress Report No-41 for August 1987, summarizing progress under contract NRC-02-84-001.

I was very pleased that you could attend the DOE meeting last week in Nevada on a short note. In my opinion the meeting was very informative and successful. I will be waiting to hear your comments and any concerns you may have regarding this meeting.

Action taken by this letter is considered to be within the scope of the current contract (NRC-02-4-001). No changes to costs or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in a change to costs or delivery of contract products.

Sincerely,
