Mr. Vincent Murphy, Project Manager
Weston Geophysical Corporation
P.O. Box 550
Westboro, MA 01581

Dear Mr. Murphy:

I have received Weston Geophysical Corporation's Progress Reports 34 and 35 for January and February 1987, summarizing progress under contract NRC-02-84-001. Also I have received your letter of March 16, 1987 and I will be looking forward to receive Weston's QA finalized manual shortly.

With respect to Weston's Geophysical Methods Report, I suggest that every effort should be made to issue the report by the end of April 1987.

Due to the tight situation of travel budget I will not be able to come to Weston's headquarter to discuss the report with your staff.

By now you should have received permission to start on Task 17 and some progress should have been made on this task.

Action taken by this letter is considered to be within the scope of the current contract (NRC-02-84-001). No changes to costs or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in a change to costs or delivery of contract products.

Sincerely,

/s/
