STATEMENT OF WORK
TASK ORDER NO. 17
UNDER CONTRACT NO. NRC-02-84-001

BACKGROUND AND OBJECTIVES:

The Division of Waste Management anticipates receiving the SCP for BWIP and NNWSI for review during late Spring or early summer 1987. In the next few months we need to finalize plans for reviewing these documents which probably consist of 6000 pages of which 2000 pages will be reviewed by the Geology/Geophysics Section.

The objective of this task order is to have Weston Geophysical Corporation Staff review the SCP annotated outline and identify areas in which they can provide expertise in work requirements.

Subtask 1: Review SCP annotated outline and provide:

1. list of sections which will require geologic and geophysical reviews and comments and those which will require reading for information only;
2. list of sections which you feel best qualified for lead role;
3. list of sections you can provide expertise in;
4. for all sections identified in 1, 2, and 3, list persons assigned; and
5. for all sections which will require reviews and comments provide in a bullet format the specific topics which these sections should contain and list potential major problems.

Schedule:

The above information should be presented in a table format and should be completed two weeks after awarding the tasks.

Reporting Requirements:

The final deliverable will be in a letter form with the above information summarized in a table format.

NRC Furnished Materials:

SCP annotated outline.

Estimate level of effort:

The estimated level of effort for completion of this task is 5 man days, should Weston Geophysical determine NRC's estimate to be insufficient for completion of the required efforts, WGC should notify NRC's Contracting Officer within ten
