JULY (1987) MONTHLY PROGRESS REPORT

I have reviewed the July monthly progress report dated August 10, 1987.
Based on my review I have the following comments:

- ° Progress to date is satisfactory
- ° We received the draft Letter report concerning data/information needs and methods for collecting data/information for the tuff site. John Bradbury and Paul Bembia are reviewing the material and incorporating parts of it into our SCP review plan. If they have any comments you will be contacted directly.
- ° I received your report on the hydrazine data review. Thank you for your assistance in this matter.

The action taken by this letter is considered to be within the scope of the current contract (FIN B-0287). No changes to cost or delivery of contracted services and products are authorized. Please notify me immediately if you believe that this letter would result in changes to cost or delivery of contracted products.
