Sandia National Laboratories  
P.O. Box 5800

Dear Ms. Cochrell:

This letter and its enclosures are being forwarded to you in response to your letter, dated December 23, 1986. Your letter indicated that report preparation procedures for Sandia staff are still in a draft form and that you were waiting for the NRC to supply additional relevant information.

In response to your request, please find enclosed a copy of NUREG-0650 (Technical Writing Style Guide) and a draft copy of Bulletin 0904-5, "NRC Computer Software Policy." The bulletin is intended to set forth NRC policy on the acquisition, development, modification, copying and distribution, documentation, use, and disposal of NRC computer software, including that used with microcomputers. Please note that Bulletin 0904-5 is presently a draft document that, I have been informed, will soon be finalized.

If you have any additional questions regarding NRC's software distribution and handling procedures, please direct them to NRC's computer support staff. I would recommend that you contact either Patricia Bell or Francine Goldberg (NRC/RM/DSS) by contacting them at (FTS) 492-4160, or by writing to them at US NRC, Mail Stop P-808, Washington, DC 20555. Please give me a call at (FTS) 427-4131 if I may be of further assistance.

Sincerely,

14

Neil M. Coleman, Project Manager
