South Texas Project  
Units 1 and 2  
Docket Nos. STN 50-498, STN 50-499  
"Operator Licensing National Examination Schedule"

Reference: NRC Regulatory Issue Summary (RIS) 2003-14

STP Nuclear Operating Company is submitting the attached response to RIS 2003-14. This response supercedes one previously sent, in that we earlier omitted 6 individuals that are expected to take the GFES exam in June 2004. As such, and in accordance with our previous submittals of a NRC Form 536, we consider this written notification of our intent to have the NRC participate in the development of our operator licensing exams as indicated on the Form.

If you have any questions, please contact me at (361) 972-7435 or Mr. Mike DeFrees at (361) 972-7173.

  
J. H. Calvert  
Manager, Operations Training

**OPERATOR LICENSING  
EXAMINATION DATA**

Estimated burden per response to comply with this voluntary information collection request: 1 hour. This information collection is used to plan budgets and resources for operator examinations. Send comments regarding burden estimate to the Records Management Branch (T-8 E6), U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, or by internet e-mail to [infocollects@nrc.gov](mailto:infocollects@nrc.gov), and to the Desk Officer, Office of Information and Regulatory Affairs, NEOB-10202, (3150-0131), Office of Management and Budget, Washington, DC 20503. If a means used to impose an information collection does not display a currently valid OMB control number, the NRC may not conduct or sponsor, and a person is not required to respond to, the information collection.
