re: Private Fuel Storage, LLC, Docket 72-22-ISFSI  
Attachments to Hoffmann, et al (2003)

Dear Administrative Judges:

In filing its experts' reports yesterday, the State inadvertently omitted Attachments A and B to the Hoffmann, et al (2003) report (C. M. Hoffmann, M. Sozen, and S. Kilic, *Structural Evaluation of Impacts From F-16 Aircraft and Military Ordnance on Holtec HI-STORM 100 Overpack and Multi-purpose Canister*, September 2003).

These attachments are herein included.

The State makes no representation whether these attachments contain "safeguards" information. However, the State is filing them under safeguards procedures established by the Board.

Sincerely,

A handwritten signature in cursive script, appearing to read "Connie Nakahara".

Special Assistant Attorney General
