JUL 9 1985

Mr. L. Mundell
U.S. Bureau of Mines
Building 20
Denver Federal Center
P.O. Box 25086
Denver, CO 80225

Dear Mr. Mundell:

We request the attendance of Matt Demarco at a NRC/DOE meeting on retrievability to be held in Silver Spring, Maryland on July 30-31 and August 1, 1985. As preparation for the meeting, the document entitled "The DOE Position Paper on Retrievability" June 28, 1985 should also be reviewed (sent under separate cover). The final review should be completed in time for the meeting. Draft comments that you can prepare and submit to NRC prior to July 30, 1985 will be useful in our preparation for the NRC/DOE meeting. If you have any problems with this, please notify me immediately.

The action taken by this letter is considered to be within the scope of the current interagency agreement (NRC-02-80-075) between the U.S. Bureau of Mines and the U.S. Nuclear Regulatory Commission. No changes to costs or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in changes to costs or delivery of contracted products. I can be reached on FTS 427-4649.

Sincerely,

David Tiktinsky
Engineering Branch
Division of Waste Management, NMSS
