Mr. Roger Hart
 Itasca Consulting Group
 P.O. Box 14806
 Minneapolis, Minnesota 55414

Dear Mr. Hart:

Itasca should perform the following work in support of the review of the Final Environmental Assessments (FEA's) under task order 001 of the contract entitled "Technical Assistance for Design Reviews" (NRC-02-85-002, FIN D1016).

1. SRPO:

To support the review of the FEA for the three salt sites the contractor should perform the following work

- a. Three senior engineers should spend 5 days of effort each to review the initial draft of the EA and the comments that were produced by the NRC on rock mechanics/design (a total of 15 days of document review time).
- b. Three senior engineers should spend 5 days of effort each to review the FEA (a total of 15 days of document review time).
- c. Three senior engineers should attend a 5 day SRPO des gn/rock mechanics technical meeting to discuss the FEA (a total of 15 days of effort). This meeting will be held in Silver Spring, Maryland in early May, 1986.
- d. One senior engineer who will be designated as the Quality Assurance person for the SRPO FEA's will spend one week of reviewing each of the three SRPO FEA's (a total of 15 days of document review). In addition this individual should attend a 5 day SRPO technical meeting to discuss the review of the FEA's which will be held in Silver Spring, Maryland in May, 1986.
