REPLY TO RW-24
ATTN OF:

SUBJECT: HQ/OGR QA Review of PNL QA Plan for the Risk Characterization Program

TO: Ralph Stein, RW-23

The HQ/OGR QA staff has reviewed the PNL QA Plan for the HQ/OGR risk characterization program provided by your memorandum dated January 27, 1987.

The QA Plan identifies the Risk Characterization Program as QA Level III and, as such, will not directly support licensing activities. The PNL-MA-70 Good Practices Standard and the PNL Administrative Procedures referenced in the QA Plan, when implemented, should provide adequate assurance that the Program will be successful.

We recommend the QA Plan be approved for use. The results of our review will be provided to Norman Eisenberg by copy of this memorandum. Any questions concerning this review should be referred to K. Sommer of the HQ/OGR QA staff.
