SUBJECT: INDIAN POINT 2 – SUBMITTAL OF THE OPERATING
EXAMINATIONS, QUALITY CHECKLISTS AND REFERENCES

Dear Mr. Fish:

The purpose of this letter is to submit the exam materials developed by the Indian Point Energy Center staff required for the Senior Reactor Operator and Reactor Operator initial operating licensing examinations. The examination materials are provided to support administration of the retake of Part C of the Operating Examination at the Indian Point Energy Center Unit 2 facility on August 12, 2003. In accordance with 10CFR 55.49, we are required to control the examination for integrity purposes. Because this is preliminary examination material, the materials should be withheld from public disclosure until after the examinations are complete.

Should you have any questions during or after your review, please contact Mr. Bill Altic at (914) 788-2629.

Sincerely,

A handwritten signature in cursive script that reads "Robert Christman".
