Mr. Vincent J. Murphy, Project Manager
Weston Geophysical Corporation
P.O. Box 550
Westboro, Massachusetts 01581

Dear Mr. Murphy:

I have received Weston Geophysical's Monthly Progress Report No. 16 for July 1985 summarizing progress under contract NRC-02-84-201.

For the record, we have received Mr. Levine's report titled "Basalt Waste Isolation Project (BWIP), Comments on DOE/NRC Meeting on Seismic Reflection Survey", fulfilling part of the requirements for Task 12.

Regarding Task No. 011, the partial stop order is still in effect until you respond to Ms. E. Wiggins letter of August 5, 1985.

With respect to your request to provide an ongoing task order for review of site related data as received from NRC, I will discuss this request with you when I visit your headquarters in the near future.

Action taken by this letter is considered to be within the scope of the current contract (NRC-02-84-001). No changes to costs or delivery of contracted products is authorized. Please notify me immediately if you believe this letter would result in a change to cost or delivery of contract product.
