REPLY TO RW-24
ATTN OF:

SUBJECT: Review of QA Plan for Material Characterization Center (MCC)

TO: Distribution

Attached for your review and comment is the QA Plan for the MCC. We would appreciate receiving any comments you have by July 30, 1987. DOE-HQ will consolidate the comments and furnish them to the MCC for disposition.

Following DOE-HQ approval of the MCC QA plan, we would like to plan a joint audit of the MCC activities, led by HQ but with participation invited from all participants. We would also welcome the involvement of participants in the preparation of closing any audit findings. We currently estimate that the audit of MCC will be in the September-October 1987 timeframe. If you have any comments or suggestions on this process, please contact me (202-586-5059 or FTS 896-5059).
