Fin. No. D-1020

Communication No. 187

Mr. Jeff Pohle
Division of Waste Management
Mail Stop 4-H-3
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Jeff:

This letter is in response to your letter of May 5, 1988. You requested a list of any Williams and Associates, Inc. information on the BWIP and SALT sites that is not in the NRC files. As you noted in your letter, you doubt whether any material of significance is not already in the NRC files.

We concur with your assessment. We have attempted to keep the NRC informed of all relevant material we have acquired throughout the duration of the contracts on the BWIP, SALT and NNWSI sites. This relevant material has not been limited to material furnished by the NRC. We have informed the NRC about journal articles on the sites, on testing techniques, and on theoretical assessments of similar hydrogeologic environments. In order to ascertain that we have not omitted any materials we will continue to research our files in order to identify any omissions.

Sincerely,

Gerry V. Winter, Jr.
Gerry V. Winter
