SUBJECT: MAINTENANCE OF REFERENCE MATERIAL AT THE HOUSTON LOVE
MEMORIAL LIBRARY FOR THE JOSEPH M. FARLEY NUCLEAR PLANT
UNITS 1 AND 2 LICENSE RENEWAL APPLICATION

Dear Ms. Forbus:

This letter is to confirm a telephone conversation on September 17, 2003, concerning the maintenance of relevant documents by your library. These documents are related to the U.S. Nuclear Regulatory Commission (NRC) staff's review of the application by the Southern Nuclear Operating Company, Inc. (SNC) for license renewal of the Joseph M. Farley Nuclear Plant Units 1 and 2 for an additional 20 years. Over the period of the review, the volume of documents and related correspondence is expected to fill about one 3-foot shelf.

During the telephone discussion, you confirmed that a paper copy of the application and a compact disc (CD) containing an electronic version of the application was received from SNC. The application was submitted to the NRC on September 15, 2003. An electronic version will also be made available at the NRC's Public Electronic Reading Room, accessible through the NRC's home page <http://www.nrc.gov/reading-rm/adams.html>.

We appreciate your willingness to assist the public in participating in the license renewal application process. We will place the Houston Love Memorial Library on our distribution list for documents and notices related to the SNC application for license renewal at Farley.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-1424 or via e-mail at JXC9@nrc.gov.

Sincerely,

/RA/
