JUL 11 1988

Dear Mr. Stein:

During the July 7, 1988 NRC/DOE meeting on QA open items, my staff questioned the appropriateness of the QA level assignments for the design and construction of the ESF. As a result, DOE and NRC agreed that this issue would be discussed, in detail, during the July 18-19 meeting on the ESF.

I want to notify you that this issue will be added to the proposed meeting agenda. Consequently, you can plan your resources appropriately. If you have any questions please contact me at FTS 492-3387.

Sincerely,

151

John J. Linehan, Acting Chief
Operations Branch
Division of High-Level Waste Management
