MEMORANDUM FOR: Mike MacWilliams, Chief  
Hardware and Software Acquisition Branch  
Division of Computer and Telecommunications Services

THRU: Philip Altomare, Acting Chief  
Systems Engineering and Evaluation Branch  
Division of High-Level Waste Management

FROM: Avi Bender, Senior Project Manager  
Systems Engineering and Evaluation Branch  
Division of High-Level Waste Management

SUBJECT: MAINTENANCE CONTRACT FOR THE OPTICAL DISK TRANSITIONAL  
LICENSING SUPPORT SYSTEM (TLSS)

The funds available under our contract with the Smithsonian Institution are expected to be expended by the end of October. To continue to operate and maintain the TLSS we will need a maintenance contract. The purpose of the contract will be to provide us with software updates, response to system problems and technical assistance in building the database onto the optical disk. Please coordinate this requirement with John Skoclaz, who is in the process of modifying the DCS contract.

Let me know what further action is required to obtain a maintenance contract by October 30, 1987.

15/  
Avi Bender, Senior Project Manager  
Systems Engineering and Evaluation Branch  
Division of High-Level Waste Management
