Mr. John J. Linehan, Acting Director
Repository Licensing Project Directorate
Office of Nuclear Material Safety
and Safeguards
U. S. Nuclear Regulatory Commission
One White Flint Building
11555 Rockville Pike
Rockville, MD 20555

Dear Mr. Linehan:

An OCRWM Quality Assurance Program Review meeting has been scheduled for December 6, 1988, in Las Vegas, Nevada. The primary purpose of the meeting is for DOE and program participants to review the status of the OCRWM QA Program development, identify issues of common concern, and discuss establishing a fully qualified OCRWM QA Program.

I would also like to provide an opportunity for other important parties to obtain first hand knowledge of the OCRWM QA program and have a chance to provide input. The agenda for the subject meeting is attached. Please note that it includes allotted time periods for input by Nevada State and local governments, the NRC, and EEI.

The subject meeting will be held at the Palace Station Hotel (Roundhouse Room) on the corner of Sahara and Rancho Avenues, Las Vegas, Nevada.

Please contact Jay Jones (202) 586-1224 of my staff if you have any questions on the meeting.

Sincerely

Ralph Stein
Associate Director for Systems
Integration and Regulations
Office of Civilian Radioactive
Waste Management
