Dr. Madan Singh
Engineers International, Inc.
98 E. Naperville Road
Westmont, IL 60559-1595

Dear Dr. Singh:

The NRC requests Engineers International participation in a conceptual design review strategy meeting to be held on Tuesday February 2, 1988 in Rockville, MD. The meeting will be held in the 5th floor conference room at NRC Headquarters (One White Flint North) beginning at 8:30 A.M.

Access to the White Flint North Building is much easier than it was to the Silver Spring office. The most convenient place to stay is the Holiday Inn-Crown Plaza at the Twinbrook Metro station. I was informed that the rates are within government per diem rates.

The meeting participant should be prepared to discuss open items associated with the NNWSI conceptual design. Furthermore, the participant should develop a list of topics in the areas of rock mechanics and design which require additional study. At this meeting a list of topical papers will be agreed upon. I have spoken to Bob Cummings about the meeting details.

The level of effort for this task shall not exceed three (3) staff days including travel. If you have any questions regarding this request please call me at 301-492-0513.

Sincerely,

15/

John T. Buckley, Project Officer
