Mr. Roger Hart

 Suite 210
 1313 Fifth Street, SE
 Minneapolis, MN 55414

Dear Mr. Hart:

ITASCA should perform the following work under the contract entitled, "Technical Assistance for design review" (NRC-02-85-002, FIN D1016).

TASK ORDER 006Document Review

Verbal approval was given to cancel review of the following document:

1. Site Characterization Plan Conceptual Design Report, SAND 84-2641, Document review 006-01-58. Discussions at the NRC Division of High-Level Waste Management indicated that review of this document should be cancelled. This task was estimated to be 13 man-weeks.

TASK ORDER 007

Verbal approval was given to cancel preparation of the following topical report.:

1. Evaluation of the effects of dynamic events on drifts at NNWSI. Discussions among the engineering staff at DHLWM indicated that this topical report is not needed because it will duplicate another NRC RES report that is already in progress on the same subject. The NRC RES report is being prepared by ITASCA as a subcontractor to the CNWRA. This task was estimated to be 6 man-weeks.

The action taken by this letter is considered to be within the scope of the current contract NRC-02-85-002. No changes to costs or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in changes to costs or delivery of contracted products. I can be reached on 301-492-0538.

Sincerely,
