Distribution:

Dear Dr. Singh:

(Return to WM, 623-SS)

This letter confirming my request of September 21, 1987 that Engineers International (EI) participate in the 60 Percent ESF Design Review Meeting in Houston, Texas between September 27 - October 3, 1987. The meeting was held at the Hyatt Regency in Houston.

To prepare for the above mentioned meeting the designated participant was asked review the following documents:

1. Preliminary Design Report for the ESF-Deaf Smith.
2. Document Review of Item # 1 above by Itasca Consulting Group.
3. Meeting notes (overheads) from NRC/DOE ESF Design Meeting held on May 5-7, 1987.
4. BMI/ONWI-601, Functional Design Criteria for an Exploratory Shaft Facility in Salt, Nov. 1986.
5. DOE, Appendix E of the GR Document, Oct. 1986.
6. ONWI, Shaft Locations for the ESF and Repository.
7. Package of 10 technical papers on freezing technology, shaft lining pressure and the recent Gorleben accident.
8. Meeting notes (overheads) - ESF Title II 60% Design Review.

The level of effort for the review shall not exceed five (5) staff days. EI should prepare a standard document review for Item # 1. The remaining documents are to be reviewed, but no document review is required. All documents listed above have been sent directly to Mr. Robert Cummings of your staff under separate cover.
