SUBJECT: TRANSMITTAL OF DECOMMISSIONING PROGRAM
EVALUATION

The U.S. Nuclear Regulatory Commission's Strategic Plan for FY 2000-2005 identified a program evaluation, entitled "Program Evaluation of Changes to the Decommissioning Program", to be conducted in FY 2003. The staff completed the Decommissioning Program Evaluation in FY 2003, and the attached report documents the results.

Although I was the principal evaluator, I want to recognize the significant support provided by Nick Orlando and John Buckley. In addition, over 15 staff involved with many aspects of the Decommissioning Program provided input to these evaluations through interviews and comments on draft evaluations.
