Re: EA References

Dear Dr. Vieth:

The NRC would like to receive hard copies of the EA references. I have spoken with Dr. Jean Younker concerning the availability of the references and she indicated that the set is available with very few exceptions.

The NRC Staff feels that an early start in reviewing the reference library will allow a faster and more complete review of the EA.

Thank you for your consideration. If you or your staff have any questions, please call.

Very truly yours,

Paul T. Prestholt
Sr. On-Site Licensing Representative
