Michigan Department of Natural Resources  
530 West Allegan Street  
Lansing, MI 48933

SUBJECT: MICHIGAN DEPARTMENT OF NATURAL RESOURCES' BAY COUNTY  
TOBICO MARSH STATE GAME AREA SITE SECURITY AND GAMMA  
RADIATION SURVEYS

Dear Ms. Gruben:

We have completed our review of the letter from Ms. Kelli Sobel, Administrative Services Deputy, Michigan Department of Natural Resources (MDNR), dated April 2, 2003, requesting a license amendment for the Tobico Marsh State Game Area Site. Item 2 in this letter requests NRC to revise the required periodicity of site security and radiological surveys from monthly to quarterly.

Your request to reduce the sampling frequency from monthly to quarterly is based on the fact that since August 2000, neither trends nor elevated readings for the gamma surveys have been recorded or identified. Additionally, on August 5, 2003, the NRC staff from Region 3 office inspected the site and concluded that revising the periodicity of site security survey from monthly to quarterly appears to be justified. Therefore, the MDNR may revise the site security and radiological surveys from monthly to quarterly. Should elevated readings or trends be identified in the future, please contact us to discuss any corrective action that may be warranted. Additionally, the gamma survey data may be reviewed and verified during the next NRC staff inspection. Because the periodicity of surveys is not a license condition, no formal license amendment is required.

If you have any questions regarding this letter, please contact me on 301-415-6694.

Sincerely,

Sam Nalluswami, Project Manager  
Section B/Decommissioning Branch  
Division of Waste Management  
Office of Nuclear Material Safety  
and Safeguards
