**Subject:** Re: Board Notification

Mike:

The application for license amendment, in its entirety, was transmitted to you and all others on the Service List. There was no separate "amendment request" apart from the cover letter and the Environmental Radiation Monitoring Program Plan.

Mr. Lewis:

I now have received both an electronic copy and a hard copy of this Board Notification.

In pertinent part, Dr. Ferriter's covering letter to Dr. McLaughlin states, "The Army has prepared a request for license amendment that would create a 5-year renewable possession only license. This request and the supporting revision and justification for a continued environmental monitoring program to support the radiation protection program for the site are provide[d] as an enclosure to this letter."

While I have received a copy of the revised Environmental Radiation Monitoring Program Plan, I have NOT received a copy of the request for license amendment referenced in Dr. Ferriter's letter. Neither has my client, Save The Valley.

Would you please forward forthwith a copy of the referenced request for license amendment both to me and to Mr. Hill?

Thank you.

Mike Mullett
