SUBJECT: Lessons Learned from an Analysis of "Safety Issues at the Defense Production Reactors"

TO: Distribution

Enclosed, for information purposes, is the report entitled Lessons Learned from an Analysis of "Safety Issues at the Defense Production Reactors," dated November 1988.

The Office of Civilian Radioactive Waste Management, in the development of the Quality Assurance Program for site characterization activities, have evaluated and included, as appropriate, specific report recommendations into the OCRWM Quality Assurance documents.

If you have any questions regarding the report contents, please contact Karl Sommer of my staff at (202) 586-1239.

Lake H. Barrett, Director
Office of Quality Assurance
