

NOTE ON DRAFT TP'S

- 1 -

SEP 22 1988

TO: ALL INTERESTED PARTIES

The following document is being distributed for your information and/or comment:

Draft Technical Position on Postclosure Seals in an Unsaturated Medium

Please forward any comments you may have to John J. Linehan, Acting Chief, Project Management and Quality Assurance Branch, Division of High-Level Waste Management, U.S. Nuclear Regulatory Commission, Mail Stop 4-H-3, Washington, D.C. 20555. A notice of availability announcing this draft technical position will be appearing shortly in the Federal Register, and the comment period will expire 60 days from the date of publication in the Federal Register.

Sincerely,

/s/

Eileen T. Tana, Licensing Assistant
Project Management and
Quality Assurance Branch
Division of High-Level Waste Management
Office of Nuclear Material Safety
and Safeguards
