Mr. David G. Tees  
President & CEO  
Texas Genco GP, LLC  
1111 Louisiana  
Houston, Texas 77002

SUBJECT: SOUTH TEXAS PROJECT, UNITS 1 AND 2 - REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE PER SECTION 2.790 OF TITLE 10 OF THE CODE OF FEDERAL REGULATIONS CONCERNING APPLICATION FOR AN ORDER AUTHORIZING INDIRECT TRANSFER OF FACILITY OPERATING LICENSES (TAC NOS. MC0903 AND MC0904)

Dear Mr. Tees:

By application dated September 29, 2003, STP Nuclear Operating Company (STPNOC), acting on behalf of Texas Genco, LP (Texas Genco), requested that the U. S. Nuclear Regulatory Commission (NRC) issue an Order consenting to the indirect transfer of control of Texas Genco's ownership interest in the South Texas Project Electric Generating Station, Units 1 and 2. As part of the request of September 29, 2003, STPNOC submitted financial information concerning Texas Genco (Attachment 3A) and a September 23, 2003, affidavit (Attachment 4), signed by you, requesting that the subject information be withheld from public disclosure pursuant to Section 2.790 of Title 10 of the *Code of Federal Regulations* (10 CFR). A nonproprietary version of the subject financial information (Attachment 3) was also submitted with the application, for placement in the NRC Public Document Room.

The affidavit furnished the following information pursuant to paragraph (b)(4) of 10 CFR 2.790 of the Commission's regulations, for consideration by the Commission in determining whether the information sought to be withheld from public disclosure be withheld.

- i. This information is and has been held in confidence by Texas Genco, LP.
- ii. This information is of a type that is customarily held in confidence by Texas Genco, LP, and there is a rational basis for doing so because the information contains sensitive financial information concerning projected revenues and operating expenses of Texas Genco, LP.
- iii. This information is being transmitted to the NRC voluntarily and in confidence.
- iv. This information is not available in public sources and could not be gathered readily from other publicly available information.

- v. Public disclosure of this information would create substantial harm to the competitive position of Texas Genco, LP by disclosing its internal financial projections.

We have reviewed your application and the material in accordance with the requirements of 10 CFR 2.790 and, on the basis of your statements, have determined that the submitted information sought to be withheld contains proprietary commercial information and should be withheld from public disclosure.

Therefore, the version of the submitted information marked as proprietary will be withheld from public disclosure pursuant to 10 CFR 2.790(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of this information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC. You also should understand that the NRC may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC makes a determination adverse to the above, you will be notified in advance of any public disclosure.

If you have any questions regarding this matter, I may be reached at 301-415-1439.

Sincerely,

*/RA/*

David H. Jaffe, Senior Project Manager, Section 1  
Project Directorate IV  
Division of Licensing Project Management  
Office of Nuclear Reactor Regulation
