Philadelphia, PA 19152

Dear Mr. Lewis:

I am responding to your two requests for information dated May 23, 1989. In response to the request addressed to me, enclosed is the note to Richard Major of the ACNW transmitting the draft technical position on postclosure seals in an unsaturated medium. This technical position is expected to be published in final form by the end of the month.

In response to the request addressed to Mr. Bernero, the requested information concerning the waste confidence decision is predecisional, i.e., in the preliminary draft stage, and therefore is not publicly available at the present time. The proposed rulemaking is expected to be issued for public comment within the next several months.

Sincerely,
