Subject: Review of NMP Tech. Specs. against NRC's License Authority File

Steve:

I completed the subject review on 10/14/03 and found no discrepancy between the NMP Unit 1 and 2 TSs, and the NRC's license authority file. Thus, in accordance with the NRC internal instruction that directed me to do this review, there is no need to send you a letter. This e-mail is the only documentation that you'll get.
