Chattanooga, Tennessee 37402-2013

Gentlemen:

**SEQUOYAH NUCLEAR PLANT – CONSTRUCTION STORM WATER PERMIT NOTICE
OF TERMINATION**

Please find enclosed the Notice of Termination (NOT) – Storm Water Discharges Construction Activity for Tennessee Valley Authority – Sequoyah Nuclear Plant permitted under NPDES permit number TNR100000 and NPDES Permit Tracking No. TNR110229 for storm water discharges associated with construction activity. This letter is to notify the Tennessee Department of Environment and Conservation that Tennessee Valley Authority – Sequoyah Nuclear Plant as a permitted operator of storm water discharges from a construction activity, no longer has responsibilities related to erosion and sediment controls at the construction site.

If you have any questions or need additional information, please contact Stephanie Howard, Acting Environmental Supervisor, at (423) 843-6700.

Sincerely,

Richard T. Purcell
Site Vice President
Sequoyah Nuclear Plant

**NOTICE OF TERMINATION (NOT) – STORM WATER DISCHARGES
CONSTRUCTION ACTIVITY**

The purpose of this form is to notify the Tennessee Department of Environment and Conservation that you, as a permitted operator of storm water discharges from a construction activity, no longer have responsibilities related to erosion and sediment controls at the construction site. Type or print clearly, using ink and not markers or pencil.

NPDES Permit Number TNR100000 (Include the NPDES permit number for the site.) TNR110229

Name of the construction project (site)
Tennessee Valley Authority - Sequoyah Nuclear Plant

Street address (or description of location)
Sequoyah Access Road
Soddy-Daisy, Tennessee 37379
Tennessee River, mile 484, Hamilton County

Legal name of the construction site operator
Richard T. Purcell
Tennessee Valley Authority – Sequoyah Nuclear Plant

Mailing address
Post Office Box 2000
Soddy-Daisy, Tennessee 37384-2000

Telephone number and/or e-mail address
(423) 843-7001
rtpurcell@tva.gov

Have the storm water discharges associated with construction activity been eliminated? Yes No

If YES, provide the date at which the construction site was finally stabilized. 9/30/2003

Construction activities at the site continue, but my responsibilities with respect to the construction activities have ceased. Yes No

If YES, provide the name, mailing address and telephone number of any new operators (for instance, an operator who has taken over your responsibilities) involved with soil disturbance at the construction site.

Certification and Signature (must be signed by President, Vice President or equivalent, or ranking elected official)

I certify under penalty of law that either: (a) all storm water discharges associated with construction activity from the portion of the identified facility where I was an operator have ceased or have been eliminated or (b) I am no longer an operator at the construction site. I understand that by submitting this notice of termination, I am no longer authorized to discharge storm water associated with construction activity under this general permit, and that discharging pollutants in storm water associated with construction activity to waters of the United States is unlawful under the Clean Water Act where the discharge is not authorized by a NPDES permit. I also understand that the submittal of this notice of termination does not release an operator from liability for any violations of this permit or the Clean Water Act.

For the purposes of this certification, elimination of storm water discharges associated with construction activity means that all disturbed soils at the portion of the construction site where the operator had control have been finally stabilized and temporary erosion and sediment control measures have been removed or will be removed at an appropriate time to insure final stabilization is maintained, or that all storm water discharges associated with construction activities from the identified site that are authorized by a NPDES general permit have otherwise been eliminated from the portion of the construction site where the operator had control.

Printed name (construction site operator)
Richard T. Purcell

Signature
Richard T. Purcell

Date
10/7/03

Permittees who are presently covered under the Tennessee General NPDES Permit to Discharge Storm Water Associated with Construction Activity must submit a Notice of Termination (NOT) after completion of their construction activities and final stabilization of their portion of the site, or within 30 days after another operator has taken over all of their responsibilities at the site. A permittee cannot submit a NOT without final stabilization unless another party has agreed to assume responsibility for final stabilization of the site. A completed NOT form should be submitted to the local Division of Water Pollution Control Office address (see table below), and marked "Storm Water Notice of Termination".
