Re : SAND84-1895, Technical Basis for ... NNWSI Repository  
Sealing Program, Review.  
Date : 12-10-87

A number of references should be available for an in-depth review of this document, but especially in the future if we are to perform a comprehensive assessment of NNWSI repository sealing.

A preliminary list of such references is given here, based on a quick inspection of the references listed in SAND84-1895. To the extent that they can be provided I would like to have them available for my document review.
