Purpose

- Need to address differences in:
  - Resolution of technical issues
  - Management approach
- Focus on the future
- Means for addressing technical issues

Issues

- Things that go beyond technical questions, i.e., licensing basis (Chapter 3)
- Interdependence between chapters and appendices
- Background material

However,

There are technically credible items that we can review and possibly endorse in part.

Use of NEI 00-01

- From September 2003 Emerson presentation

Type of Issue	Risk Significant	Not Risk Significant
Licensing basis (compliance)	Report and address through CAP	Use risk analysis to support exemption request
Not clearly compliance or licensing basis	Address through CAP	Document risk analysis
