Subject: Commission Order inPG&E ISFSI Proceeding

Dear Secretary:

I have learned today, October 17, 2003, through a news story in a trade paper, that the Commission has issued an Order in the contested proceeding on Pacific Gas & Electric Company's ("PG&E") request for a license to construct an Independent Spent Fuel Storage Installation ("ISFSI") at the site of its Diablo Canyon Nuclear Power Plant. Neither I nor my colleague, Mr. Temple, have been served with this Order, despite the fact that we are counsel of record for San Luis Obispo County. I am aware that the Commission is busy with important matters, but I assume that, nevertheless, the NRC will abide by its Rules of Practice. Mr. Temple and I expect to be served promptly.

Sincerely,
Sheldon L. Trubatch, Ph. D., J.D.
