Dr. Willis W. Bixby, Acting Director  
 West Valley Project Office - Idaho Operations  
 U.S. Department of Energy  
 P.O. Box 191  
 West Valley, New York 14171

Dear Dr. Bixby:

This is to provide you with formal notification that I have assigned Norman G. Davison as the NRC West Valley Project Manager under the provisions of the Memorandum of Understanding between the NRC and the Department of Energy for this Project. Mr. Davison replaces Dr. A. Thomas Clark who has performed this function since initiation of the West Valley Project.

As you are aware, Mr. Davison has been working with Dr. Clark and has extensive experience with the West Valley Project, including knowledge of the current status and your scheduled activities. While Dr. Clark has been assigned other priority work, I have asked him to remain cognizant of West Valley Project activities and to be available for consultation with Mr. Davison as Project operations proceed.

Mr. Davison and Dr. Clark can be contacted on FTS 427-4205, but my telephone number is now 427-4309.

Sincerely,

ORIGINAL SIGNED BY:
