SUBJECT: EXAMINATION RESULTS SUMMARY - CRYSTAL RIVER NUCLEAR PLANT  
EXAM REPORT NO. 50-302/2003-301

Dear Mr. Davis:

The purpose of this letter is to inform you of the individual examination results of the applicants that participated in the initial examination conducted at your facility August 25 - 29, 2003. This complies with the intent of ES-501, Section E.1.a., of NUREG-1021, Operator Licensing Examination Standards for Power Reactors, Draft Revision 9.

Enclosure 1 is a copy of the Power Plant Examination Results Summary, Form ES-501-2, Draft Rev. 9. Copies of the licenses for the individuals who passed the examination are included as Enclosure 2. Included as Enclosure 3 are copies of the individual Operator Licensing Examination Report (Form ES-303-1) packages. This will enable you to evaluate the individual weaknesses and provide appropriate remedial training for those operators as necessary.

It takes approximately 90 days to generate and process the operator license certificates. Region II encourages licensees to plan certificate presentation ceremonies for licensed operators. Regional management will be available to participate in such ceremonies, if possible. Please call Mr. Joel Munday, Chief, Reactor Projects Branch 3, at (404) 562-4560, to discuss your plans.

If you have any questions, please contact Michael E. Ernstes at (404) 562-4638.

Sincerely,

Michael E. Ernstes, Chief  
Operator Licensing and Human  
Performance Branch  
Division of Reactor Safety
