UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555

March 15, 1995

OFFICE OF THE  
SECRETARY

Daniel A. Dreyfus, Director  
Office of Civilian Radioactive  
Waste Management  
U. S. Department of Energy  
1000 Independence Avenue, SW  
Washington, DC 20585

Dear Mr. Dreyfus:

Enclosed are advance copies of Federal Register notices for: 1) a partial grant of a petition for rulemaking (PRM), PRM-60-3, submitted on April 19, 1990, by the Department of Energy (DOE), that requested the Nuclear Regulatory Commission to establish accident dose criteria for a geologic repository for high-level radioactive waste (Enclosure 1); and 2) proposed amendments to 10 CFR Part 60, "Disposal of High-Level Radioactive Waste in Geologic Repositories," regarding "Design Basis Events for the Geologic Repository Operations Area," for public comment (Enclosure 2). These Federal Register notices will be published within a few days.

As stated in the Federal Register notices, the Commission believes that the DOE petition has merit in particular respects and, as such, has incorporated certain elements of DOE's petition into the proposed amendments to 10 CFR Part 60. The Commission does not agree with the other elements of DOE's petition. Thus, for reasons as described in the Federal Register notices, the Commission has granted in part, and denied in part, the DOE petition for rulemaking.

Sincerely,

John C. Hoyle  
Secretary of the Commission

Enclosures:

- (1) FRN on Partial Grant/Partial Denial of DOE Rulemaking Petition
- (2) Proposed Amendments to 10 CFR Part 60
