

November 7, 2003

MEETING NOTICE

Organization: Materials Engineering Branch, Division of Engineering Technology, Office of Nuclear Regulatory Research

Date: November 17-18, 2003, **Time:** 8:30 p.m. - 5:00 p.m., **Meeting Room:** O-04 B6

Date: November 19, 2003, **Time:** 9:00 p.m. - 2:30 p.m., **Meeting Room:** T-10 A1

Location: U.S. Nuclear Regulatory Commission (NRC)
11555 Rockville Pike (O-04 B6), and, 11545 Rockville Pike (T-10 A1)
Rockville, MD 20852

Purpose: To provide information to NRC-supported independent reviewers on the analysis methodology developed to re-evaluate the technical basis for the screening criteria in pressurized thermal shock (PTS) rule (10 CFR 50.61).

Meeting Notice Title: 11/17/2003-11/19/2003 Meeting to Provide Information to NRC-supported Independent Reviewers on Analysis Methodology Developed for Re-evaluation of Screening Criteria in the Pressurized Thermal Shock Rule (10 CFR 50.61)

Public Meeting Category: Category 1 [Open to Public For Observation Only (limited to available seating capacity of the meeting room)]

ADAMS Accession #: ML033090328 (For this Meeting Notice)

Participants: Office of Nuclear Regulatory Research
Office of Nuclear Reactor Regulation
Public and industry participants
